Takeaways and Implementations

A fun and smooth experience all around with a comfortable art style that allows the player to enjoy the abstraction of playing with friends at Colgate's scenic interaction hubs!

Any questions?

SlidesCarnival icons are editable shapes.

This means that you can:

- Resize them without losing quality.
- Change fill color and opacity.

Isn't that nice? :)

Examples:

Now you can use any emoji as an icon!

And of course it resizes without losing quality and you can change the color.

How? Follow Google instructions
